The roll being called, the resolution was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

WHEREAS, in accordance with the provisions of Chapter 115 of the State Laws of 1919, an estimate has been submitted to the Board of Commissioners of the City of Newark by the Engineer in Charge of the Bureau of Sewers showing the probable cost of constructing a sewer in Hennessy Street between Chestnut Street and Elm Road for the use of the abutting property only, together with lateral connections to the curb lines of said street, to be \$800, said

probable cost being based on the best information obtainable as to the probable cost of such sewer;

AND WHEREAS, the entire cost of doing the work will be less than one thousand dollars;

THEREFORE BE IT RESOLVED, that in accordance with the provisions of the said Chapter 115 of the State Laws of 1919, the estimate so submitted and presented be and the same is hereby adopted and ordered filed;

AND BE IT FURTHER RESOLVED, that the Board hereby signifies its intention to construct a sewer in Hennessy Street between Chestnut Street and Elm Road, together with lateral connections to the curb lines; and that the Director of the Department of Streets and Public Improvements of the City of Newark will hear objections to the making of said improvements on Tuesday, the sixteenth day of September, 1919, at 10 o'clock A. M. at the office of the said Director on the second floor, City Hall, Newark, N. J.;

AND BE IT FURTHER RESOLVED, that the Engineer in Charge of the Bureau of Sewers be and he is hereby authorized and directed to mail a copy of this resolution to the last known owner of record as shown by the tax records of the City of Newark, N. J., of property abutting on the portions of the street or highway through which such sewer is proposed to be constructed; and that the Engineer be and he is further instructed to post or cause to be posted a copy of this resolution in the City Hall, Newark, N. J., at least five days prior to the introduction of a second resolution setting forth the final decision of said Board to construct such sewer.

William J. Brennan,

Cox, Christopher E. Nolan and Morris C. Kirwan, having been certified by the Civil Service Commission and having passed satisfactorily a physical examination by the Police Surgeon, be and they are hereby appointed as Patrolmen in the Police Division of the Department of Public Safety (in accordance with Civil Service Probationary Provisions), to take effect September 16, 1919, and they shall be paid the same compensation and in like manner as are other Patrolmen in the same grade of service.

William J. Brennan,
Charles P. Gillen,
A. Archibald,
John F. Monahan.

Commissioner Brennan: I might say before you call the roll that about a year ago last June I had occasion to ask the Civil Service Commission for an eligible list for temporary patrolmen. A great many of these men were placed in exempt classifications by the various draft boards for the period of the war. In addition to this you will notice another resolution showing some thirty-four men taken from the

eligible list as permanent members of the department, and I am compelled to dispense with the services of some eighteen or twenty men who have been in service. Some of the men on the eligible list are found by the doctor to be unfit physically for service owing to conditions caused by oversea duty, I presume. These men will be considered at a later period to determine whether they are fit physically for reinstatement. These men will be placed on a preferred eligible list at the expiration of the present eligible list. It seems hard to have to lay them off, but that is not my fault and is in conformity with the laws of civil service. In conference with the Civil Service Commission it has been agreed that in the event of them showing marked improvement at any time in the near future that they may receive their permanent places in the department.

The roll being called, the resolution was declared adopted by the following votes:

Yea—Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

WHEREAS, on June 6th, 1918, because of unusual conditions then existing, certain persons were selected from a certified list of the Civil Service Commission and appointed as Patrolmen in the Police Division of the Department of Public Safety for the period of the war; and

WHEREAS, said unusual conditions no longer exist and permanent appointments may now be made in regular order from the Civil Service eligible list; therefore be it

RESOLVED, that Joseph Anderson, Emil L. Kull, Frank T. Lehan, James W. White, Treacy B. Morgan, James J. Mackin, Frederick J. Koermaier, Louis Arnold, Michael J. Cawley, Frank Bailey, John J. Quinn, Harry A. Miller, Joseph Richter

State of New Jersey
Department of Weights and Measures

Trenton, September 2nd, 1919.

Hon. John F. Monahan,
Director of Parks and Public Property,

City Hall, Newark, N. J.

Dear Sir:

The Eighth Annual Conference of the New Jersey Association of Superintendents of Weights and Measures is to be held at the Hotel St. Charles, Atlantic City, on Friday and Saturday, September 5th and 6th, and we extend to you a most cordial invitation to meet with us.

The conference will be called to order at 2:30 on Friday afternoon, September 5th, and on Saturday morning, the 6th, at ten o'clock, there will be an informal round table talk, after which the conference will be brought to a close.

It would be a source of honor and pleasure to us to have you come down and hear what the weights and measures men of New Jersey are

doing in the interest of the purchasing public, and we sincerely trust you may see your way clear to attend.

In this connection, it is to the interest of every weights and measures department of the State to have representatives in attendance, in order that they may discuss and hear discussed matters of importance at first hand. May I, therefore, take the liberty of requesting that you delegate officials of the Newark Weights and Measures Department to be in attendance, as this is to be a very important conference that none should miss.

Hoping to have the pleasure of meeting you at Atlantic City, I am,

Yours very truly,
Frank Wanzer, President,
N. J. Assn. of Supts.
of Weights and Measures.

Ordered filed.

Commissioner Monahan offered the following resolution:

RESOLVED, that the Director of Parks and Public Property be and is hereby authorized and directed to send representatives of the Weights and Measures division of his department to the Eighth Annual Conference of the New Jersey Association of Superintendents of Weights and Measures which is to be held at the Hotel St. Charles, Atlantic City, September 5th and 6th, 1919. This is in conformity to a communication under date September 2, 1919, from the State Department of Weights and Measures of Trenton, referred to me by the Board of Commissioners.

John F. Monahan,
A. Archibald,
Charles P. Gillen.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

The following communication was received and read:

City Counsel's Office.
Newark, N. J., Sept. 4, 1919.

SUBJECT: OPINION RE PROPOSED ORDINANCE CLOSING BARBER SHOPS ON SUNDAY.

The Board of Commissioners
of The City of Newark.

Addressed.

Gentlemen:

In accordance with motion made by Commissioner Archibald at your meeting held on August 28th, I have gone over the form of ordinance to prohibit the opening of barber shops on Sunday, for the purpose of determining its legality and form.

It is my opinion that the Board of Commissioners has the power to pass an ordinance to regulate the opening and closing of barber shops on Sunday, if it so desires, by virtue of the provisions of Chapter 97 of the Laws of 1917.

I have made a change in the title of the ordinance and some slight changes in the clause relating to penalties and return herewith a new draft, which embodies all of the suggestions made by the proposers of the ordinance, which I think will meet the situation.

Respectfully yours,
Jerome T. Congleton,
City Counsel.

Ordered filed.

Commissioner Brennan offered the following ordinance which was read by the clerk:

An Ordinance to prohibit the opening and operation of barber shops in the City of Newark on the first day of the week, commonly called Sunday, and providing for penalties for violation thereof.

The Board of Commissioners of The City of Newark do ordain:

1. It shall be unlawful for any proprietor, manager or other person to open or keep open on the first day

of the week, commonly known as Sunday, a barber shop or other place wherein the business of shaving, hair cutting or other barbering is carried on, within the City of Newark.

2. It shall be unlawful for any person on the first day of the week, commonly known as Sunday, to do any shaving, hair cutting or other barbering in any barber shop or other place of business in the City of Newark.

3. The clear interior view of every barber shop or other place wherein the business of shaving, hair cutting or other barbering is carried on within the City of Newark shall on the first day of the week, commonly known as Sunday, be in no way obstructed by a screen, non-transparent glass, shade, blind, door, shutter or merchandise, or any other article placed therein.

4. The entire interior of every barber shop or other place wherein the business of shaving, hair cutting or other barbering is carried on in the City of Newark shall on the first day of the week, commonly known as Sunday, be open to full view from the public street.

5. Any person, firm or corporation violating any of the provisions of this ordinance shall, upon conviction thereof before any Police Judge of the City of Newark, be fined a sum not exceeding twenty-five (\$25) dollars for each offense, or imprisonment in the County Jail for a period not exceeding ten (10) days.

6. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed, and this ordinance shall take effect immediately.

Commissioner Brennan moved that copies of the ordinance be procured and sent to the various commissioners, the Master Barber Association and the Journeymen's Association for their consideration, and that the matter be taken up on second reading two weeks from today.

The roll being called, the motion was declared adopted by the following votes:

Yea — Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Mayor Gillen offered the following resolution:

RESOLVED, That the contract between The City of Newark and Grant Radnor Company, a corporation of New York, for furnishing medical supplies for use at the Newark City Hospital, which contract is hereto annexed, be and the same is hereby approved, and the Director of the Department of Public Affairs of the City of Newark and the City Clerk are hereby authorized and directed to execute said contract on behalf of the City on the adoption of this resolution.

Charles P. Gillen,
A. Archibald,
William J. Brennan,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Charles P. Gillen.

The roll being called, the resolution was declared adopted by the following votes:

Yea — Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Mayor Gillen: This question which came up about the salary for the Police and Fire Department has stirred up, as it always does, a general unrest all through the various departments of the city government, and as you all know there is nothing so troublesome in this whole work which we have to do as the salary question. Every time there is a salary change of any kind in any department it seems to affect almost everybody employed by the city. They all come in under our various departments and they feel there should be changes made in their salaries. When we first came into office the suggestion was made and should be kept that the salary question ought to be standardized in some way. It seems to me that that must be done sooner or later. You cannot take one set of city employees and give them work which is somewhat similar to the work done by another set and give that set 20% or 30% or 50% more salary and expect to maintain discipline or efficiency. You can't get efficiency. This is a serious question for us because I tell you now that you cannot increase substantially the salaries of one class of employees and expect efficiency from others who are getting a much lower salary. You cannot do it and the result will be that you will become disorganized and you cannot get efficiency in your departments. I still contend that the salary of city employees should be standardized. I do not know how you are going to do it, but it is a question of vital importance, it seems to me, because the city work must be done. I think this is a matter we ought to discuss and take some action on it.

Commissioner Brennan: I certainly agree with you. You cannot

expect efficiency or very much co-operation if you do not pay the city employees a living wage. It has been almost impossible to live up to the standard in any industry. Standards are jumping up over night and he is a pretty slick man who is able to keep in touch with the standards. The county standardized the salaries of their employees, but it did not remain standardized very long.

Commissioner Archibald: The clerical forces are suffering the most and in a great many cases they are justified in asking for an increase. I would like to see their salaries standardized.

Commissioner Monahan: I would like to see this whole question settled to the satisfaction of all city employees.

Mayor Gillen: I think we ought to make inquiry and find out where salaries have been standardized.

Commissioner Archibald moved that the city clerk be instructed to write to Washington, D. C.; the Municipal Bureau of Research, New York, and some of the large cities in the United States regarding standardization of salaries of city employees.

The roll being called, the motion was declared adopted by the following votes:

Yea — Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Commissioner Archibald moved to adjourn..

Section 3. That upon the passage of this ordinance the Director of the Department of Streets and Public Improvements and the City Clerk be and they are hereby authorized and directed to execute a contract with the County of Essex, on behalf of the City of Newark, containing the provisions of this ordinance.

Section 4. All ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed, and this ordinance shall take effect immediately.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yea — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yea — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage October 2nd, 1919.

The roll being called, the motion was declared adopted by the following votes:

Yea — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The following communication was received and read:

Real Estate Board of Newark, N. J.
September 11, 1919.

The Board of Commissioners of the City of Newark, N. J.

Gentlemen:

Inasmuch as your Board is about to take final action upon an ordinance referring to the voters at our next election the question of increased pay for the Police and Firemen, and which question has been given considerable thought at the hands of this Board, realizing fully that this increased disbursement if so carried at referendum will become a fixed charge and an additional burden upon the taxpayers.

It is needless to say that the present rate of \$3.40 is causing much concern to the many property owners of this city, and just what the effect will be if this rate should jump up to and beyond 4 per cent. is worthy of serious reflection before it is acted upon finally.

This Board is collecting statistics and data from many of the larger cities of this country, and hopes to be prepared within the course of the next ten days to make a statement to your Honorable Board showing the stand that will be taken in this matter so as to avoid any excessive tax rate at this time.

We, therefore, appeal to you to defer final action upon this ordinance

for at least two weeks so as to give us an opportunity to be heard.

Respectfully,

Real Estate Board of Newark,
J. A. Linnett, Secretary.
Ordered filed.

Commissioner Brennan — The matter has been here for practically three weeks and I personally feel that as far as the Board is concerned there is nothing left for us to do but to carry out its promise to these men so as not to stop them from circulating the petitions and pass the ordinance today. It is up to the Real Estate Board or any other board to defeat the proposition on referendum, but as a matter of justice to these men I feel that the ordinance should be put over today.

Commissioner Raymond — I do not think they can question our right to submit it to the people.

Commissioner Brennan moved that the title of "An Ordinance relating to and fixing the salaries of certain officers and employees of the Divisions of Fire and Police of the Department of Public Safety of the City of Newark," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yea — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the title of the ordinance as follows:

An ordinance relating to and fixing the salaries of certain officers and employees of the Divisions of Fire and Police of the Department of Public Safety of the City of Newark.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yea— Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the title of "An ordinance to provide for the vacation of a portion of Humes Street between Rose Street and Waverly Avenue" be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yea— Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the vacation of a portion of Humes Street between Rose street and Waverly Avenue.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yea— Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the title of "An ordinance to provide for the release and extinguishment of the public right arising from the dedication of that portion of Parker Street from the northerly line of Greenwood Lake Street northerly 75 feet more or less to an old property line," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yea— Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the release and extinguishment of the

public right arising from the dedication of that portion of Parker Street from the northerly line of Greenwood Lake Street northerly 75 feet more or less to an old property line.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yea— Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the title of "An ordinance to provide for the paving of Schuyler Avenue from Hawthorne Avenue to Nye Avenue with concrete pavement" be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yea— Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the paving of Schuyler Avenue from Hawthorne Avenue to Nye Avenue with concrete pavement.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

International Union of Steam and Operating Engineers of Essex County and Vicinity, Harrison, Kearny and Elizabeth.

Local No. 68, 240 Springfield Avenue Newark, N. J.

September 11, 1919.

Hon. John F. Monahan, Director,
Department of Parks and Public
Property,

City Hall, Newark, N. J.

Dear Sir:

The following wage scale adopted by Local Union No. 68 of the International Union of Steam and Operating Engineers and Local Union No. 55 of the International Brotherhood of Stationary Firemen is now in effect in this city and vicinity:

Chief Engineer.

\$60 per week. Six days per week.
Double time for all overtime.

Running Engineers.

\$7.00 per day. Six days per week.
Double time for all overtime.

Firemen.

\$6.00 per day. Six days per week.
Double time for all overtime.

Oilers and Helpers.

\$5.84 per day. Six days per week.
Double time for all overtime.

On behalf of the members of our organization now employed in your department, we most respectfully request consideration of the above standard scale and hope you will give same consideration at your earliest convenience. It is desired that

this scale of wage go into effect as of October 1, 1919.

Thanking you for past favors in behalf of our organization and with kind personal regards, we remain

Respectfully yours,

Henry Hebeler,
Business Agent Local No. 68,
International Union of Steam
and Operating Engineers.

Francis J. Goodwin,
Business Agent Local No. 55,
International Brotherhood of
Stationary Firemen.

P.S.—Should you desire interview, we shall be only too pleased to confer with you at your convenience.

Painters' District Council No. 10
of Newark and Vicinity
State of New Jersey.
Newark, N. J., Aug. 1st, 1919.

To all Contractors and Master Painters in Newark, N. J., and vicinity, and those employing members of Local Unions affiliated with District Council No. 10.

Greetings:

This District Council is again compelled to request an increase in wages for its Painters, Paperhangars, Decorators, etc., even as the corporations and purveyors of necessities and commodities are forced to raise their rates in order to make expense and income meet on a sound business basis and allow for an earned dividend or surplus. We contend that with the present scale of \$6.00 per day the great majority of our men are but barely making a living.

To provide for a better and justified income for our men, and having at this time every reason to believe that living conditions in the immediate future will get costlier day by day, we are herewith requesting an increase of 25 cents per hour for all our men, making the new rate \$1.00 per hour, or \$8.00 per day.

We expect that this rate shall be effective on and after September 15th, 1919. We trust to your good business sense and fairness under the prevailing circumstances in recognizing the justice of our request and appeal to you for your support.

Arrangements for agreements covering the new scale can be made from now on at our office, 48 William Street, with our Business Agents daily between 8:30 and 9:30 A. M., or by appointment.

We would advise that you make every possible effort for the revision of present contracts that may run after September 15th, and to make provision for this new rate in your coming contracts.

Contractors or firms that have not made agreements as to the new wage scale by September 15th will not be recognized as Union shops, and therefore any of our men at work in these shops will be removed on that date.

We take the liberty of thanking you in advance for your cheerful and early assistance in this movement.

Very respectfully yours,

District Council No. 10,
P., D. & P. H. of A.

American Society for Municipal Improvements

Office of the Secretary

Until September 20th, please address reply to 304 East Walnut Street, Bloomington, Ill.

September 6, 1919.

To the Members of A. S. M. I.:

This is official notification of the Convention of the Society at New Orleans November 11-14 at the Hotel Grunewald and we hope you will be able to come. Bring some new members with you or at least bring

some of your fellow-officials in your own city or others to see what a Convention is like. You know we have the reputation of being a working Society and we live up to our reputation.

Nothing has been heard from you about the presentation of a paper at the Convention and so your name cannot appear on the preliminary program, which will be sent you in a few days, but there is still time to get into the edition of the program for distribution at the Convention, so if you have anything which will be of value to your fellow-members, whether you think so or not, send me the subject of the paper at once and get it ready in time for the Convention. If it should happen that you cannot be present to read the paper yourself, send it to me and I will see that it is presented. If the paper is received before Setember 30th, it can be printed in the Advance Papers.

Please let us know whether you will be present and how many guests you will bring with you. The Local Committee will take it as a great favor if you will do so.

If there is no bill enclosed it means that you owe the Society nothing. If you are in arrears the bill will tell you how much.

If this paragraph is marked it is done to call your attention to the fact that your arrears are so much that under the Constitution your name must be presented to the Executive Committee for action unless the arrearage is reduced before its next meeting on the first date of the next Convention.

Associate members are invited to advertise in the Program and Proceedings and to exhibit at the Convention. Write at once to the Secretary about the former, and to C. H. Stem, Assistant City Engineer, New Orleans, La., about the latter.

You will note that this letter calls for an answer, whatever your deci-

sion may be on the matters brought to your attention.

Yours very truly,
Charles Carroll Brown,
Secretary.

Please note that until Sept. 20 my address will be at Bloomington, Ill., as above, and that after that date I shall be Professor of Civil Engineering, Valparaiso University, Valparaiso, Ind.

Ordered referred to the Director of Streets and Public Improvements.

Mr. Harold Simandl appeared before the Board to urge the retention of fifty firemen who are about to be laid off by the Director of Public Safety. "I appear here authorized by fifty employees of the City of Newark in the capacity of firemen. We have been unofficially informed that their services are to be dispensed with on October 1st. The proposition is this: We are here asking that the date set for the final determination of their status be extended. Of course we intend to have the courts of law of the state determine our position legally. We are not in a position at this time to say exactly what our position is. The men have been appointed on September 1st, 1918, I believe. Prior to that time there were some men appointed in June—I think 37. Our contention is that although we do not want to take the positions of the soldiers and sailors who served during the war we believe that the men appointed in June are legally taking their places. These men whom I represent were appointed for an emergency, and if these men who are now being appointed are not soldiers and sailors we intend to fight them. If these men are appointed they surely are not in a position to take active interest in the Fire Department; they will have to go to school and become trained firemen. These men for a year and a half have been in the Fire Department, are trained

firemen and should be entitled to some recognition at this time."

Commissioner Brennan — These men appointed in June were given temporary appointments to fill vacancies of men who were placed in deferred classification grades by the various draft boards. The men who were appointed in September were appointed from the civil service certification after having passed qualifying examinations, not as regularly selected firemen, but as men to fill an emergency during the absence of men called to the service. We cannot give you an extension because we haven't got sufficient money to pay these men. We have an overload of 52 men at the present time in the Fire Department.

Mayor Gillen called attention to the fact that a lot of colored people who are coming into the city to attend the Colored Baptist Convention are having a terrible time to find places in which to lodge; that they are hiring taxis at the depots and the taxi drivers are charging two or three times more than the legal fare for conveying them to different parts of the city.

Commissioner Brennan stated he would immediately investigate the matter and stop the practice of overcharging for taxi hire.

Mayor Gillen—I want to take up the question of telephone charges. In New York, I understand, the telephone rates have been reduced and here in New Jersey instead of reducing them I understand the telephone company has made application, or will make application, that the war time rates be continued, and I think that we ought to make an application before the Board of Utility Commissioners to have the rates reduced. I would suggest that we get an opinion from the Law Department. Their earnings are very great—I think 16 per cent. last year—and certainly their rates ought to be reduced.

Commissioner Archibald moved that the Law Department be directed to make application to the Board of Public Utility Commissioners for a reduction of telephone rates and improved service, and that the Board be advised as to what the City of Newark can do to bring about better service and what control we have over the Telephone Company under its franchises granted by the city.

The roll being called, the motion was declared adopted by the following votes:

Yea — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen called attention to the fact that the pavement between the tracks on Springfield Avenue and some other streets in this city is in very bad shape, and requested Commissioner Raymond to get in touch with the Public Service Railway Company to see that the pavement is repaired without delay. "We can make them do it now. I think the city has the authority to do the work and charge it up to them."

Commissioner Raymond—During the war they said they did not have the money to do it. They said it was impossible to put cars on for the use of the people. Now the war is over and I will take it up with them and see what we can do.

Mayor Gillen offered the following resolution:

WHEREAS, The Civil Service Commission has certified the name of John H. Mulligan as eligible for appointment,

THEREFORE, BE IT RESOLVED, That John H. Mulligan be and he is hereby appointed as general utility man at the Newark City Hospital in the Department of Public Affairs at the annual salary of One Thousand One Hundred (\$1,100) Dollars, payable semi-monthly as other salaries

Board of Commissioners of the
City of Newark, N. J.

W. J. EGAN
City Clerk.

NEWARK, N. J.,
September 18, 1919.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock A. M.

Present — Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Absent — Commissioner Raymond.
The minutes of the meeting of September 11th, 1919, were read and approved.

Mayor Gillen stated the Board was prepared to hear any citizen on the proposed ordinance closing barber shops on Sundays

Attorney Joseph J. Braelow appeared before the Board to protest against the passage of the ordinance. "I represent the Master Barbers of the hill section of the city. The Master Barbers of the hill section of the city are opposed to the enactment of this ordinance for several reasons, which they deem sufficient. One of these reasons is the fact that this ordinance is discriminatory, in that it picks out from the many hundred kinds of business just one line of business—the barber shops—and legislates against it. There is no more particular reason why a barber shop should be closed than shoe stores or grocery stores. You may as well close the grocery store, shoe store and all other stores and only revert back to the old blue law that has been but a law on our statute books. The enactment of an ordinance of this kind would only tend to be a movement backwards instead of forwards. It certainly seems to me that this ordinance is unfair to most barbers, hundreds of them, who desire to remain open. Their overhead goes on just the same and under this ordinance they lose one-seventh of their time and nothing to compensate them for it. An ordinance of this kind is the exercise of the police power of this city and it does not seem to me that these barber shops can be looked upon as a nuisance if permitted to remain open on Sundays. The closing of these shops on Sunday, particularly in the hill section, would work a great hardship. I do not suppose the commissioners know, but I can familiarly tell them that there is at least one religious sect that cannot use barber shops on Saturdays, and these people would be placed under a great hardship and this ordinance would certainly discriminate against these people if they had to go from Friday until Monday morning without being able to get shaved.

"It has been said—and I have heard it said here today—that a petition

containing 500 names has been presented showing that these men are in favor of this ordinance. Perhaps there are 500 people in favor of this ordinance. While it may benefit these 500 people to close the barber shops on Sundays, still it will be a hardship on hundreds of thousands of people in Newark. Downtown shops are particularly in favor of this ordinance, because their business is transient, and they do a greater business during the week than on Sundays, but the barber shops out of the business district do most of their business on Sundays and their business is week-end business, and we respectfully petition this body not to pass this ordinance."

Mr. Samuel J. Kauffman—I represent the Ironbound District of the Master Barbers' Association. The barbers in that district are opposed to this ordinance, as well as most if not all of the working class. Most of the inhabitants of that district are working men and are unable to get shaved on Saturdays. Most of these men go to work early in the morning and, like the hill section, consist mainly of working men and they go to work at six or seven o'clock in the morning, come back tired and by the time he has had his supper he is not in condition to go to the barber shop, neither does he feel in the mood, and it would work a hardship particularly to the Ironbound District as well as the hill section if the gentlemen of this commission enforce or pass this ordinance.

Attorney Mancusi-Ungaro—I also appear for the Ironbound barbers. Besides the reasons given by my two predecessors I would like to say that the ordinance proposed would work an undue hardship upon the working people, as they do not leave work until five, six, seven and sometimes later and after working all day they often have to go out and make some purchases and would not have time to go to the barber shop on Saturday. The only time they can do it

is Sunday morning. I think the present ordinance of the city is quite broad enough, and as Mr. Braelow has said the ironbound and hill section barbers are not in the same position as the barbers of the business section, as their best days are Sundays. If they are not permitted to open their shops on Sunday the revenue of the shops would not be sufficient. As I say, most barber shops on the four corners would endure no hardship because they do very little business on Sunday, but it is different with the barbers in the hill and ironbound sections as their trade is workingmen's and the only big day they get is Sunday morning. I feel if the others want to close the whole day they can arrange between themselves. The difference between the barbers in the residential and business districts is that the barbers in the business district do most of their business during the week, while the barbers in the residential districts have to rely on the workingmen who only come on Saturdays and Sundays, and if the shops were closed on Sundays it would only give the workingmen from seven to eleven on Saturday night to get in trim for Sunday.

Attorney Braelow: There is at present on the books of the city an ordinance which prohibits the opening on Sundays and holidays of barber shops after 12 o'clock noon. I might call to the commissioners' minds that if this ordinance were passed and with a holiday coming on a Monday or a Saturday it would cause an undue hardship. For instance, if a holiday should fall on a Saturday shops would have to close at noon and if required to remain closed all day Sunday under the provisions of this ordinance you can see that a man would have to go from Saturday noon until Monday morning without being shaved. Likewise, if a holiday should fall upon a Monday a man would have to get along without being shaved

from Saturday until Tuesday unless he had time to visit a shop for the few hours on Monday morning, and that certainly would be a hardship.

Mayor Gillen: Are there any others who wish to speak against this ordinance? If not, we will hear those in favor of the ordinance.

Counsellor E. Garfield Gifford: Mr. Mayor and Commissioners, I think the last question raised by Mr. Braelow is sufficiently explained by reading the last part of this ordinance which provides that "all ordinances or parts of ordinances inconsistent with this ordinance are hereby repealed," or, in other words, if your Honorable Body passes this ordinance it will be legal for barber shops to remain open on legal holidays to take care of their business. The present ordinance will take care of that situation. It seems to me that this ordinance instead of being a step backward is one that is in line with the movement of the times. We are all familiar with the fact that all the trade and labor unions organized for the workingmen are all looking forward to one day of rest in seven for their employees. The barber business has been so conducted in the past that it is impossible for a man engaged in that line of work to have his one day with his family. In all the other professions the working class receive a half holiday on Saturday afternoon. There is no need with all the present modern improvements for barber shops to be open Sundays.

I represent the signatures of one petition presented to you Honorable Body. There are over 500 signatures which represent ninety per cent. of the men engaged in this line of work in Newark. There are shops from down neck; there are shops from Forest Hill and from the hill section and from everywhere. A small part of the gentlemen are here. They do not represent one locality of the city or one race of the city. They are here—Italians, He-

news, Americans and colored gentlemen, all nationalities that are engaged in this line of business, urging you to pass this ordinance. They have carefully considered this ordinance and the last thing that they would want to do is to interfere with their own business, but they feel the time has come when such an ordinance of this character should be passed so that they will be in line with all other trades and professions. Men can go to barber shops on Saturday afternoon and have plenty of time to be taken care of. The gentlemen opposing it say they represent the Master Barbers on the hill. They do not say how many shops they represent. You will find in the petition filed with your Honorable Body Master Barbers and Journeymen from all sections of the city. There are a few gentlemen here with small shops—one-man shops—who want to remain open. They should not be considered as against this overwhelming majority. We urge that it be passed. A majority of the gentlemen here are authorized to represent journeymen barbers and master barbers and they should be heard.

Mayor Gillen: Is there anyone else who wishes to speak in favor of this ordinance?

Mr. Blanchard: Mr. Mayor and gentlemen: I did not intend to make any remarks, but I think the situation as has been presented by counsel has been thoroughly covered. I personally made a canvass of the old 12th ward section, Murray Street, Old Bowery Street, known as Fleming Street, and all down neck section and I only found four shops of the Ironbound district who did not care to close. Two out of the four said they would close if the others did. The other two said they would close if the ordinance was passed; they did not know that it was law and they would have to close if it was passed. That is the situation.

The signatures upon the petition presented represents master barbers from all sections of the city. The feeling on the hill is the same as it is down neck and it is not only the Broad and Market Street men who want to close up.

Commissioner Monahan: I do not agree with Mr. Blanchard's remarks regarding the down neck section. I know there are a majority of them, and a big majority that do not want to close up—a big majority. Most of them are represented here today.

Mr. Caruso: I represent the Journeyman Barbers. I have heard quite a little discussion about the uphill barbers. I at one time was an organizer and business agent for the barbers, and I am equal to tell you just what the different sections of the city are. The hill section, considered the Jewish section, do a tremendous business on Fridays and Saturdays. The counsel for them stated they did not do any business Saturday. These men are the ones that are violating at present the 12 o'clock Sunday closing ordinance. They are violating the present ordinance by keeping open until two, three, four o'clock Sundays and even later.

The down neck section I am pretty familiar with also. There are quite a few of them that want to close on Sunday, because most of them can do that business on Saturday very easily. The biggest part in the neck section do most of their business on Saturday and the few men that do wait until Sunday can shift to Saturday as well as Sunday. They figure if the barber shop is open they will take advantage of it. If barber shops were closed these same people would go Saturday night. The people that are opposed to this ordinance are the ones that are violating the present Sunday closing ordinance. One of the violators of the present 12 o'clock Sunday closing ordinance is present here today protesting against this ordinance, and he is naturally

opposed to closing barber shops on Sunday.

The journeymen feel the barber shops should be closed on Sundays. I might say Trenton, Paterson, Montclair and a whole lot of other little burgs that we do not know about do not allow their barber shops to remain open on Sundays. I believe, Mr. Mayor, that this ordinance ought to go through. The barbers are in favor of it. We are in favor of it. It is an advance movement and will not dissatisfy the general public. Closing the shops on Sundays makes the general public realize that they can get shaved on Saturday as well as on Sunday. We do not need to keep open for them in order for them to get shaved. Another word I would like to say is that the hill section are all in favor of it.

Commissioner Monahan: I might state that in answer to that gentleman a lot of people down neck work at night and cannot get shaved Saturday night. I am only speaking from the number of men who have spoken to me against this ordinance. I was born and brought up down there and I know the conditions. I know the majority of barbers are in favor of keeping open Sunday mornings.

Mr. Caruso: You are aware of the fact that if these men work all night they have all day to get shaved in. They can get up 15 minutes earlier and accommodate the barber.

Commissioner Monahan: I believe in satisfying the majority and I know that the majority of down neck barbers want to keep open Sundays.

Mr. Gifford: I might say that the petition here filed with you contains the signatures of a majority of barbers below the railroad and in addition to what the representative of the journeymen has said I would like to add that this same ordinance has been passed in Camden, Trenton, Passaic, Bayonne and is now under consideration in Jersey City. The

reason Judge Ungaro is opposed to it is because he was in Atlantic City Sunday and even all the barber shops there were closed. It really is a movement in line with the times. There is very little in this ordinance that is discriminatory of this trade. If other lines of business want the same conditions they can go and have an enabling act passed in the Legislature.

Mr. Goodwin: I might state that this gathering shows by the appearance of both sides who are against it. This side is against it and this side in greater majority is in favor of it. I am in favor of it. Six days is enough for any man to work and Sunday is a day for prayer and rest.

Mr. Bowen: I would like to see the ordinance passed. Anybody can get time to get shaved on Saturday. Most of the shops do not start to get any business on Sundays until 10 o'clock and sometimes eleven and for these few hours it is not worth while to keep the shops open. On Saturdays we work from 7 o'clock in the morning until after 11 o'clock at night and we seldom have enough time to get enough sleep to rest for the next day.

Mr. Rumley: I represent the barbers in the southern end of the city. I have been in business there for twenty years. I know there is no barber around my neighborhood except one who is not in favor of this ordinance. Every man who wants to get shaved finds some time to get shaved, whether he works on the railroad or all night. Most men at present get shaved on a Saturday and there is no reason why a few cannot do the same. If a man knows the shops are closed on Sundays he will come in and get shaved on Saturday, but if he knows they are open on Sundays he will wait until Sunday. I hope the commissioners will consider this ordinance carefully.

Mr. Gasprini: I do not represent any organization, but I cover the Italian section, and all the barbers

there with the exception of one or two are in favor of this ordinance. These few won't sign the petition, but say if the ordinance is passed they will observe the law. Years ago barber shops were open all day until six o'clock at night and during those days men would wait until the last minute to get shaved. Later on they used to close at four o'clock, then three and finally it was noon time as it is today. Business on Sundays today does not amount to enough to keep a shop open. The shops are open on Saturdays from 7 o'clock in the morning until 11 o'clock at night. The only business that is done on Sundays are a few men who come in between the hours of 10 and 12 o'clock and the time before 10 o'clock is wasted, and if the shops were all closed on Sundays these few men would come in just the same on Saturdays. Instead of going to the barber's, men go home and then go to the movies and wait until Sunday morning to get shaved.

Mr. Ebert: Gentlemen, I am in favor of this ordinance and I am sure it is satisfactory to the majority of barbers. All trades and professions are only working six days a week at present and most of them have Saturday afternoons off. The majority of people know that working seven days a week is a thing of the past. Everybody is in favor of a forty-eight hour week and it has been agreed upon all over the country. There is no doubt in my mind but what any man can get shaved on Saturday. If they cannot get shaved on Saturday, let them buy a safety razor. Some years ago there was an ordinance put in by the barbers' union to close at noon on Sunday. These same people here objected to the petition that time. I think this request is fair and lots of cities in this State and other States are passing ordinances of this kind. I have travelled quite a bit through the West and in most of the large

cities you cannot find a barber shop open on Sundays. I cannot see why this ordinance should not be passed.

Mr. Dixon: Mr. Mayor and gentlemen of the Commission, I feel very much honored to be permitted to come here and speak in favor of this ordinance on such a special occasion. I am only glad to see so many intelligent faces in favor of closing the barber shops on Sunday, which I think is the first step in the uplift movement for humanity in such a large city as Newark, N. J., and I hope that the good people of this city will appreciate our stand, because this day God gave us for our rest. I feel proud to see that there are so many of our barbers present to represent such a movement, and I think you gentlemen will see the justice of our move, and I hope these few who are opposed will consider the matter over and see how much better it would be.

Counsellor Gifford then referred to the petition submitted to the Board and read a number of signatures of barbers who had signed it below the railroad, and stated that the majority of them have actually signed the petition.

Commissioner Brennan: Have you any knowledge of men having signed it under duress, so to speak? I might say, while I am in favor of the passage of this ordinance, there have been over a dozen men who have waited upon me, whose names are on that petition, who say they signed it so as not to get into trouble. I am frank in stating my position. I think it is not more than fair that I should let the other commissioners know this. It may be that they have been approached by such men.

Mayor Gillen: There certainly is some difference in opinion, and I do not think we should take it up until the other commissioner, Mr. Raymond, is present.

Mr. Mancusi-Ungaro: I would like to offer a suggestion. Why not let the License Department go to

the barber shops and get their opinion of men in charge. I think we could then get the real opinion. There are charges of men having signed not knowing what they signed. If an official city man could get around I feel we could find out just how they feel.

Commissioner Brennan: I would not say that charges have been made about signing the petition. This is only information given to me. The license inspectors could not do this as they do not have the time.

Commissioner Brennan moved that further consideration of "An ordinance to prohibit the opening and operation of barber shops in the City of Newark on the first day of the week, commonly called Sunday, and providing for penalties for violation thereof," be postponed until October 2nd, 1919.

The roll being called, the motion was declared adopted by the following votes:

An Ordinance authorizing the issuance of \$300,000 water bonds of the City of Newark.

The Board of Commissioners of the City of Newark do ordain:

1. That pursuant to the act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness, by county, city, borough, village, town,

ship or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereof and supplements thereto, bonds of the City of Newark, to be known as Water Bonds, are hereby authorized to be issued in the aggregate principal amount of three hundred thousand dollars (\$300,000), for the purposes hereinafter stated, for which purposes it is necessary to raise said amount of money. Said bonds shall be of the denomination of one thousand dollars (\$1,000) each, and shall be numbered consecutively from 1 to 300, inclusive. They shall be dated November 1, 1919, shall bear interest from their date at the rate of four and one-half (4½%) per centum per annum, payable semi-annually on the first day of May and November in each year until maturity, and shall mature in order as numbered (beginning with Bond No. 1) and in thirty annual instalments or series, payable on the first day of November in each year, as follows: viz., \$10,000 of bonds in each of the years 1920 to 1949, inclusive;

2. The money to be raised by the issuance of said bonds shall be applied to the purpose of the construction and reconstruction of the water supply system of the City of Newark.

3. The following matters are hereby determined and declared pursuant to the requirements of said Chapter 252 of the Laws of 1916, and the amendments thereof and supplements thereto:

(a) The probable period of usefulness of the improvement or property for which bonds are hereby authorized to be issued, computed from the date of said bonds and within the limits prescribed by Section 4 of said Chapter 252 of the Laws of 1916, and the amendments thereof and supplements thereto, is thirty (30) years, ending November 1, 1949. Said improvement or prop-

erty is of the class defined in Paragraph "C" of subdivision 2 of said Section 4.

(b) The average assessed valuation of the taxable real property (including improvements) of the City of Newark, computed upon the next preceding valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, and the amendments thereof and supplements thereto, is \$372,160,061.

(c) The net debt of the City of Newark, computed in the manner provided in said Section 12, is \$16,112,450.70.

(d) The statement required by said Section 12 (showing said net debt, etc.) has been made and filed with the City Clerk as required by said act.

Mayor, Newark, N. J.:

Corpus Christi and vicinity overwhelmed by disastrous hurricane and tidal wave. Thousands destitute. Loss of life large and property loss exceeding Ten Millions. Financial assistance imperative.

Gordon Boone,
Mayor of Corpus Christi.

Clark Pease,
Chairman Financial Committee.
Ordered filed.

Mayor Gillen—Gentlemen, I would like to hear suggestions as to just what we can do in the way of aiding these sufferers.

Commissioner Archibald — The City, I believe, cannot appropriate any funds for the relief of these people from its Treasury, and I would suggest that the Mayor appoint a committee to seek public subscriptions through the newspapers.

This suggestion met with the approval of the Commission.

Commissioner Archibald moved that this Commission be appointed a Committee to start a public subscription through the newspapers, and that the City Clerk be appointed Secretary to the Committee.

The roll being called, the motion was declared adopted by the following votes:

Yea — Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Mayor Gillen appointed Commissioner Archibald Treasurer of the Committee.

To the Honorable Thomas L. Raymond,
Commissioner of Streets and Public Works of the City of Newark,
N. J.

Mr. Commissioner:

We, the employees of the Street Cleaning Department, call your attention to the present high cost of living.

Seeing that we cannot get along on the present salary of Seventeen Dollars (\$17.00) we ask you to increase it to Twenty-five Dollars (\$25.00) per week, to meet the present conditions.

Hoping that you will attend to this immediately, we remain,

Very respectfully yours,
The Street Cleaning
Department.

Ordered referred to the Director of Streets and Public Improvements.

The following communication were received and read:

Clyde D. Souter, Town Attorney,
Kearny, N. J.; Septembr 20, 1919.

The Board of Commissioners
of the City of Newark,
City Hall, Newark, N. J.

Gentlemen:

The Board of Commerce and Navigation of the State of New Jersey has fixed Monday, October 20, at 1:30 p. m. as the time, and the State House, Trenton, as the place, for a hearing upon the application of the Erie Railroad Company for permission to erect a bridge to replace the present span on the Newark-Paterson branch over the Passaic River at Fourth Avenue, Newark, on the east, and Kearny and the Borough of East Newark on the west.

The plans of that bridge as filed with the Board do not show that any foot passageway for pedestrians is contemplated. It is the intention of the Town of Kearny to be represented at that hearing by me for the purpose of protesting against the approval of said plans unless such a foot passageway is added. This subject the officials of the City of Newark, This subject has been before East Newark on several occasions in the past, when the Erie Railroad has attempted to interfere with the passage of pedestrians over the present span.

I would respectfully request you to join with the Town of Kearny in protesting against the approval of the plans referred to and in presentation of the claims of the citizens

affected by having a representative present.

Yours very truly,
Clyde D. Souter,
Town Attorney.

City Counsel Congleton: I know something about this matter. The Erie Railroad wanted to enter into a contract for the construction of a bridge across the Passaic River at Fourth Avenue. There has always been a foot path across this bridge for the convenience of the residents in Newark, East Newark and Kearny, as well as for the employees of the Clark Thread Works. They want to eliminate that now. Under the Home Rule Act there is a provision which, I think, requires the consent of this municipality before they can eliminate this foot path. I think it would be well for this Board to go on record as being opposed to the construction of this bridge without a foot path, and also calling the attention of the Board of Commerce and Navigation to the fact that application has been made to this Board for its permission, which we are required to do under the Home Rule Act.

Commissioner Archibald moved that the communication be referred to the Law Department and that they be directed to notify the Kearny authorities that this Board is opposed to the construction of a bridge over the Passaic River at Fourth Avenue, Newark, on the east and Kearny and the Borough of East Newark on the west, unless a foot path is added.

County of Essex, New Jersey,
Office of County Engineer,
Court House, Newark.

September 19, 1919.

Gentlemen:
The enclosed resolution, unani-

mously adopted by the County Engineers Association of the State of New Jersey, was authorized sent to the governing bodies of all municipalities in the State.

Yours very truly,
Frederic A. Reimer,
County Engineer.

RESOLUTION BY MR. FREDERIC A. REIMER.

Unanimously adopted by the New Jersey Association of County Engineers at a special meeting on September 11th, 1919, and copy authorized sent to all the municipalities in the State of New Jersey.

WHEREAS, The constantly increasing use of the highways in State, County and municipality demands the proper, economical and efficient development of all the highway systems in the selection of proper materials to be used in the construction and maintenance of same; and

WHEREAS, The selection of paving materials requires expert knowledge of the probable life of these materials, when subjected to the different classes of traffic; and

WHEREAS, It has been the practice for many years for governing bodies to be influenced in the selection of materials to be used by the petitions from owners of property abutting on the line of the improvement; and

WHEREAS, By such selection the advice, opinion and knowledge of experienced engineers has been many times rejected, resulting in the improper selection of paving materials; therefore be it

RESOLVED, That the County Engineers Association of the State of New Jersey does hereby strongly protest against and condemn the continuation of this practice as being against the best interest of the municipality, conducive to excessive cost and contrary to the best engineering practice.

Ordered referred to the Director
